

Open Call Binnenbeest

De Dansers is looking for 3-4 energetic dancers/performers for the remake of our family-performance *Binnenbeest*

De Dansers is looking for dancers/performers with a **creative personality**, a **strong stage presence** and **physical sensitivity**, who want to join the company for our production *Binnenbeest*.

Binnenbeest is a well-received piece that choreographer Josephine van Rheenen made in 2017 for a young audience (6+). In this performance we play around the fine line between order and chaos and explore how to deal with impulses. Can you blindly follow them, or should you try to control them?

With a new cast De Dansers is going to re-create this very energetic and humor-full dance piece. De Dansers is looking for 3-4 new dancers to join this process. The re-creation will be based on the original piece, but the big dance scenes will be reworked and there is room for the creativity and personality of the new performers.

De Dansers work with a wide variety of performers (mime, circus artists, musicians, dancers with different dance backgrounds). So, performers from different backgrounds (self-made or educated) are very welcome. For *Binnenbeest* we look for performers who have **great physical and partnering skills** and a **talent for theatre/working with text** and who are **excited to join an open, creative and hardworking team**.

De Dansers is looking for: dancers/performers (m/f/x), professional or intern **based in the Netherlands**.

To apply for the audition, send *before March 17, 2024* your cv and a fragment of you dancing (preferably showreel and improvisation) to danae@dedansers.com

Motivation letters are not mandatory, but very welcome. The honorarium as freelancer will be in accordance with the cao Toneel en Dans.
